The figures in the NATIONAL OVERVIEW are the box-office grosses, compiled from individual theatres of the four major chains in Canada (Famous Players, Odeon Theatres, Landmark and Cineplex) in the six major Canadian cities: Montreal, Toronto, Winnipeg, Edmonton, Calgary and Vancouver. Figures are given separately for each week in the time-framed covered, and the accumulated gross is given from the date of release to the last week in the current chart. CURRENT GROSSES are given, when available, on Canadian films (or others if not presented in one of the four major chains). Slots marked -/- indicate the film did not play during that week.

The concept of an easily transportable all purpose, foldable camera crane which can quickly be set-up on location or in studio to become a traditional type camera crane with the possibility of 15 ft. 9 in. (4.81 m) rise and fall, lens height up to 13 ft. 9 in. (4.20 m), maximum reach of 12 ft. (3.66 m) and capable of supporting two technicians of average size plus a camera (say 550 lb/249 kg), seemed to us to be a rather good one.
