The publication of this 1987 Production Guide was made possible through the support of Telefilm Canada.

The following is a list of film and video productions shot in Canada in 1987. The categories are Canadian theatrical features, television features, one-hour television, and foreign theatrical features and television programs. Although the list is as complete as we were able to make it, there are inevitable omissions and errors, for which we apologize in advance. In some cases, the production company could no longer be traced, in others the ‘nationality’ of the film was uncertain. In still others, a pilot may have failed to materialize into a series though the title remains on our series list. We take this occasion to ask producers to provide us throughout the year with the most complete information possible.

The information is given in the following order: title, production company, producer, director, dates of principal photography, location of shoot, financial participants (see abbreviations below).

miscellaneous information including Canadian Radio-television and Telecommunications Commission (CRTC) and Canadian certification approval (CCCA). The latter may just denote provisional approval. Official treaty coproductions are indicated as co-pro.

In the listing of financial participants, the order of the various parties has no special significance; participation may mean pre-sale, etc. The following abbreviations have been used: CC = Canada Council, NFB = National Film Board of Canada, OAC = Ontario Arts Council, RQ = Radio Quebec, SBC = Société Radio-Canada, TFC = Téléphone Canada, OFDC = Ontario Film Development Corp., SCGQ = Société générale du cinéma du Québec, TVQS = Télévision Quatre Saisons.
