**In Praise of Older Women: photomontage  
Festivals: Montreal and Toronto**

## **At Film House this is a way of life.**

True, we offer an ultra-modern lab and sound facility. True, our technical people are drawn from the top ranks around the world. But it's our collective enthusiasm that really puts us out front.

We love our work, and our greatest satisfaction is to see a job well done. Plan on using us.

**FILM HOUSE**

**Our house is your house.**
