Thompson Scores

I would like to draw your attention to an error in the credits of Don McWilliams' film review of **Jack Bush** (issue 60-61).

The music in the film is an original score, composed and performed by Don Thompson. We generally referred to it as "Improvisations on the Jack Bush Theme."

It was *not* an arrangement of "Basin St. Blues" as listed in Cinema Canada. The "Basin St. Blues" as listed in the credits of the film refers to a 58 second pre-recorded cut of the song as arranged and performed by the late Jack Teagarden and his orchestra in 1944.

I make this point so as not to diminish in any way the wonderful work by Don Thompson.
